Why a poster?

Taking part in this poster competition encourages students to:

- work as a team
- investigate real questions using data
- use their calculation and graphical skills
- interpret statistical results
- develop skills in written communication

The poster can be about any topic, however, it should reflect or illustrate usage analysis, interpretation and communication of statistics or statistical information.

Participants

The national competition is open to teams of two to three students, up to 18 years old (born in 1999 and younger), from any part of the island of Ireland. Teachers register the teams.
