¹ Table contains revised figures.

² Benchmark Labour Force Survey/Quarterly National Household Survey (QNHS) estimates.

³ The latest QNHS estimate of the unemployment rate (adjusted for seasonality) is: December-February 2008, 4.8%.

Background Notes

Source and scope of the Live Register The Live Register is compiled from returns made directly to the Central Statistics Office by each local office of the Department of Social and Family Affairs. It comprises persons under 65 years of age in the following classes:

- ◆ All Claimants for Jobseekers Benefit (JB) excluding systematic short-time workers
- ◆ Applicants for Jobseekers Allowance (JA) excluding smallholders/farm assists and other self-employed persons
- ◆ Other registrants including applicants for credited Social Welfare contributions but excluding those directly involved in an industrial dispute.

Reference Period The reference periods for the Live register results are as follows:

July 2008 - 28th June to the 25th July

July 2007 - 30th June to the 27th July

Descriptive articles The compilation basis for the Live Register statistics from May 1992 onwards is described in the September 1992 issue of the *Statistical Bulletin*. The March 1980 issue contained a description of the basis used up to April 1992 while a more comprehensive treatment of Live Register statistics appeared in the "Report of the Inter-Departmental Study Group on Unemployment Statistics" (Stationery Office Dublin, Prl.7925, April 1979). The results of a special study of the differences between the Labour Force Survey (LFS) Estimates of Unemployment and the Live Register are contained in the December 1996 issue of the *Statistical Bulletin*.

Unemployment statistics The Live Register is not designed to measure unemployment. It includes part-time (those who work up to three days a week), seasonal and casual workers entitled to Jobseekers Allowance or Jobseekers Benefit. **Unemployment is measured by the Quarterly National Household Survey** (formerly the Annual Labour Force Survey).

Standardised unemployment rates The Standardised Unemployment Rate (SUR) series in Table 3 is based on the estimated number of persons unemployed expressed as a percentage of the total economically active population (i.e. the Labour Force), using internationally comparable definitions of employment and unemployment, as recommended by the International Labour Office. Benchmark estimates of the SUR for January, April, July and October of each year are calculated using seasonally adjusted data from the Quarterly National Household Survey. The monthly trend in the seasonally adjusted Live Register is then used to estimate the monthly SUR between successive surveys.

This approach was temporarily suspended following the rapid decline in the Live Register after September 1996. A linear interpolation estimation approach was used between April 1996 and April 1997, as the Live Register series could not be used as an indicator of monthly trends in unemployment during that period. The traditional estimation approach has been used from April 1997 onwards.

QNHS The Quarterly National Household Survey, which began in September 1997, has now replaced the Labour Force Survey and provides quarterly estimates of the unemployment rate. The estimates (adjusted for seasonality) are:

	Q1	Q2	Q3	Q4
	%	%	%	%
1998	8.7	8.0	7.2	6.5
1999	5.9	5.9	5.4	5.1
2000	4.8	4.4	4.0	3.9
2001	3.7	3.8	4.0	4.0
2002	4.4	4.3	4.3	4.6
2003	4.8	4.5	4.8	4.6
2004	4.6	4.5	4.4	4.4
2005	4.3	4.4	4.4	4.5
2006	4.5	4.4	4.6	4.3
2007	4.4	4.6	4.5	4.6
2008	4.8			

Seasonal adjustment The seasonal adjustment of the Live Register is completed using the X-11 Variant of the US Bureau of Census Method 2 (Additive Option). The seasonally adjusted series are updated twice yearly, in January and July; pending the next updating, seasonal adjustment for intervening months is carried out using projected seasonal factors. In Tables 2a , b and c, the seasonally adjusted totals are the sum of the relevant seasonally adjusted series for males and females, under and over 25 years.

Casual and part-time workers The casual and part-time workers' figure is based on an estimate supplied by the Department of Social and Family Affairs. People may apply for Jobseekers Benefit/Allowance if they only work for part of a week and be included on the Live Register.
