Live Register

June 2009

	Live Register Total	Seasonally Adjusted
June 2008	220,811	215,800
May 2009	396,871	402,100
June 2009	418,592	413,500
Change in month	+ 21,721	+ 11,400
Change in year	+197,781	+197,700

Standardised unemployment rate rises to 11.9% in June

The seasonally adjusted Live Register total increased from 402,100 in May to 413,500 in June, an increase of 11,400. *See table 2a and graph opposite.*

In the year to June 2009, there was an unadjusted increase of 197,781 (+89.6%). This compares with an unadjusted increase of 195,115 (+96.7%) in the year to May 2009.

Other features include:

- ◆ The monthly increase in the seasonally adjusted series consisted of an increase of 7,700 males and an increase of 3,700 females. *See table 2a.*
- ◆ The standardised unemployment rate in June was 11.9%. This compares with 10.2% in the first quarter of 2009, the latest seasonally adjusted unemployment rate from the Quarterly National Household Survey. *See table 3 and background notes.*
- ◆ In the month, the estimated number of casual and part-time workers on the Live Register was 36,718 males and 31,414 females. *See background notes.*

The Live Register is not designed to measure unemployment. It includes part-time workers (those who work up to three days a week), seasonal and casual workers entitled to Jobseekers Benefit or Allowance. Unemployment is measured by the Quarterly National Household Survey and the latest seasonally adjusted figure, for January to March 2009, is 223,400 persons unemployed.

Additional Live Register tables for June 2009 will be available on Friday 3rd July 2009.

For more information contact Karen Desmond at 021 453 5534, Elma Mulcahy at 021 453 5151 or Brendan Curtin at 021 453 5577.

	April	4	259,291 + 1,908	125,157 + 1,386	384,448 + 3,294		
	May	5	267,065 + 1,555	129,806 + 930	396,871 + 2,485		
	June	4	277,367 + 2,576	141,225 + 2,855	418,592 + 5,430		

¹ Average net weekly changes are calculated by dividing the total monthly change by the number of weeks in the reference month.

Background Notes

Source and scope of the Live Register The live register is compiled from returns made for each local office to the Central Statistics Office by the Department of Social and Family Affairs. It comprises persons under 65 years of age in the following classes:

- ◆ All Claimants for Jobseekers Benefit (JB) excluding systematic short-time workers;
- ◆ Applicants for Jobseekers Allowance (JA) excluding smallholders/farm assists and other self-employed persons
- ◆ Other registrants including applicants for credited Social Welfare contributions but excluding those directly involved in an industrial dispute.

Reference Period The reference periods for the Live Register results are as follows:
June 2009 – 30th May 2009 to 26th June 2009
June 2008 – 31st May 2008 to 27th June 2008.

Descriptive articles The compilation basis for the Live Register statistics from May 1992 onwards is described in the September 1992 issue of the *Statistical Bulletin*. The March 1980 issue contained a description of the basis used up to April 1992 while a more comprehensive treatment of Live Register statistics appeared in the “Report of the Inter-Departmental Study Group on Unemployment Statistics” (Stationery Office Dublin, Prl.7925, April 1979). The results of a special study of the differences between the Labour Force Survey (LFS) Estimates of Unemployment and the Live Register are contained in the December 1996 issue of the *Statistical Bulletin*.

Unemployment statistics The Live Register is not designed to measure unemployment. It includes part-time (those who work up to three days a week), seasonal and casual workers entitled to Jobseekers Allowance or Jobseekers Benefit. **Unemployment is measured by the Quarterly National Household Survey** (formerly the Annual Labour Force Survey).

Standardised unemployment rates The Standardised Unemployment Rate (SUR) series in Table 3 is based on the estimated number of persons unemployed expressed as a percentage of the total economically active population (i.e. the Labour Force), using internationally comparable definitions of employment and unemployment, as recommended by the International Labour Office. Benchmark estimates of the SUR for February, May, August and November of each year are calculated using seasonally adjusted data from the Quarterly National Household Survey. The monthly trend in the seasonally adjusted Live Register is then used to estimate the monthly SUR between successive surveys.

This approach was temporarily suspended following the rapid decline in the Live Register after September 1996. A linear interpolation estimation approach was used between April 1996 and April 1997, as the Live Register series could not be used as an indicator of monthly trends in unemployment during that period. The traditional estimation approach has been used from April 1997 onwards.

QNHS The Quarterly National Household Survey (QNHS), which began in September 1997, replaced the Labour Force Survey and provides quarterly estimates of the unemployment rate. Up to and including the fourth quarter of 2008 the QNHS operated on a seasonal quarter basis. As of the first quarter 2009 the QNHS is now undertaken on a calendar quarter basis.

The calendar reference quarters for survey results are:

Q1 - January to March, Q2 - April to June, Q3 - July to September and Q4 - October to December.

The calendar quarter estimates (adjusted for seasonality) are :

	Q1	Q2	Q3	Q4
	%	%	%	%
2004	4.9	4.3	4.3	4.5
2005	4.2	4.5	4.4	4.3
2006	4.4	4.4	4.5	4.3
2007	4.5	4.6	4.5	4.8
2008	4.9	5.5	6.8	8.1
2009	10.2			

Seasonal adjustment The seasonal adjustment of the Live Register is completed using the X-11 Variant of the US Bureau of Census Method 2 (Additive Option). The seasonally adjusted series are updated twice yearly, in January and July; pending the next updating, seasonal adjustment for intervening months is carried out using projected seasonal factors. In Tables 2a , b and c, the seasonally adjusted totals are the sum of the relevant seasonally adjusted series for males and females, under and over 25 years.

Casual and part-time workers The casual and part-time workers' figure is based on an estimate supplied by the Department of Social and Family Affairs. People may apply for Jobseekers Benefit/Allowance if they only work for part of a week and be included on the Live Register.
