

PRODCOM Survey 2025

You are completing this for the CSO (Central Statistics Office)

If the company details or structure have changed contact us by email: industry_dcu@csso.ie

In accordance with the Statistics (Industrial Commodities Production Survey) Order 2022, (S.I No. 87 of 2022) made under the Statistics Act, 1993, your business must complete and return this statutory questionnaire to the Central Statistics Office within 14 days of receipt.

While this Prodcom survey is primarily product-based, any company involved in the provision of Industrial Services is also obliged to complete the survey.

Information must be provided on the sales and/or fees earned in 2025 from all products sold in Ireland or abroad and manufactured by your enterprise in Ireland, irrespective of the year of manufacture. You will also be asked to supply information on the fees earned from the provision of industrial services.

This information must be provided separately for production on own account (self-manufactured products) and production under a subcontracting agreement.

In relation to each product, you will be asked:

- How much of this product, produced on own account (self-manufactured products), was sold in 2025, irrespective of year of manufacture – Value and Quantity
- How much of this product, produced under a subcontracted operation (produced by this enterprise in Ireland on a fee basis for another company), was invoiced in 2025, irrespective of year of manufacture – Value (Fees earned) and Quantity
- How much of this product was produced by this enterprise on own account and/or under a subcontracted operation in 2025, irrespective of whether product was invoiced or not - Quantity only

Guidelines for Completing this Form

If you have previously made a return for this survey, you will notice this electronic questionnaire pre-populated with the products you provided. You will be asked if these are still relevant. Please add or remove products as necessary.

Please provide quantity in the required unit of measure. If quantity is not available, please provide an explanation in the comment box to avoid further queries. Quantity information is not required for any industrial services provided by your company, we simply require the fees earned from these services in {{Survey year -1}}.

New Products

You will also be asked if you have manufactured any new products. In this case, you will be asked to identify each such product from the Prodcom product list, in addition to the questions above. If this is the first year your company has been surveyed, you will have to complete this information for all products.

[Link to the Prodcom Product List](#)

Industrial Services

If you are reporting an industrial service, you only need to report the fees earned from the provision of the industrial service. An industrial service comprises activities such as bleaching, installation, repair and maintenance. For those units providing Industrial Services, please note the specific list relating to those services on the link below. Only Industrial services on this list should be reported.
