Question	I would like to start with some general questions. Can you please tell me in which year you were born?		
Instruction	1. This question is crucial for the routing. Don't knows or refusals are to be minimised. Please probe for an answer. 2. If the year of birth is out of range (lower than 1956 or higher than 2007), please check the eligibility of the respondent. If the respondent is not eligible, you should break off the interview and set disposition code to <25> in the DISP_BQ screen.

Question	What language do you speak most often at home?	
Instruction	Mark only one.	
Help	1. This question refers to the language spoken most often by the respondent. 2. It should not be interpreted to mean the language spoken most often by the family as a whole. It is quite possible that different family members speak different languages (e.g., Chinese children may speak English most often while the parents speak mostly Chinese). 3. If the respondent lives alone, report the language that is used on a daily basis.

Question	In the previous questions, we have talked about your educational qualifications. I would now like to turn to a DIFFERENT kind of organised learning activity, namely training activities, such as courses, webinars, workshops, lectures or private lessons. These activities can be job-related or for your personal interest. Please look at showcard 4, which provides examples.
Description	<p>Hand showcard 4 and ask the respondent to hold on to it until instructed to hand it back.</p> <p>Examples of training activities shown on the showcard are:</p> <ul style="list-style-type: none"> - Foreign language course - Computer or software course - Job-related training - Hobby course, for example a drawing course, swimming class (for learning swimming skills rather than for exercise), or private guitar lessons - Lecture on a specific topic - Communication training, for example a workshop on public speaking - Health and safety training, for example first aid course or manual handling

Code	B2_Q08a		
Question	During the last 12 months, that is since ^MonthYear, have you participated in any training activity? Include any training activity even if it lasted for only one hour. Please also include training activities that are still ongoing.		
Instruction	1. Any training activity that took place within the last 12 months should be reported, regardless of the start and end of the training. 2. Only organised training activities should be reported, i.e. not self-study or fitness training. The presence of an instructor or provider is a good indicator of whether a training activity is 'organised'. 3. Exclude study for educational qualifications. 4. Exclude training activities taught by the respondent him/herself.		
Help	What is NOT meant: - Self-study to educate yourself (also using CDs or videos) - Informal learning on the job, e.g., conversations with co-workers or informal introductions to tasks - Going to the pool or gym just to stay fit - Receiving coaching - Guided tours.		
Responses	01	Yes

Question	In the last 5 years, for how many different firms or organisations did you work? Include your own business or businesses in the case of self-employment.
Instruction	In the case that the formal status of an organisation changed while the respondent was working there, for example as a result of a merger or reorganisation, respondents should report the full period of time he/she has been working for the organisation or part thereof as a single firm or organisation.
Help	<p>1. All jobs should be counted, even short-term jobs and jobs involving only a few hours of work per week.</p> <p>2. An unbroken spell of employment with the same temporary work agency should be counted as having worked for one firm, irrespective of how many different firms the person worked in during that period. Similarly, an unbroken spell of employment as a consultant or freelance worker should be counted as having worked for one firm, irrespective of how many different firms the person worked in during that period.</p> <p>3. 'Business' refers to more or less continuous and coherent settings within which one works for oneself. It could refer to an actual business enterprise like a farm or a factory, but also in the case of freelancers to a line of work whereby one provides a similar set of products or services to one or more clients. Short periods in which the respondent is idle because no orders have been received, but is available to perform the same kind of work, should be counted as part of the same 'business'. If the respondent returns to the same kind of work after a significant period in which he or she has not been available, this should be counted as a different 'business'.</p>

Question	How many employees do you supervise or manage directly or indirectly? Would that be ...	
Instruction	Read categories to respondent.	
Help	1. 'Directly' refers to a situation in which employees are directly accountable to the respondent. For example, a general manager of a firm may supervise three managers directly, giving them orders or instructions, and checking to see whether these have been followed. 2. 'Indirectly' refers to a situation in which employees are not directly accountable to the respondent, but are accountable to another person who falls under the chain of command of the respondent. For example, if each of the three managers directly supervised by the general manager supervises 10 people, the general manager will supervise 3 people directly plus 30 people indirectly. In this case, the correct answer would be 33 people (25 to 99 people). If the 10 people supervised by the managers each supervise 10 people, 300 people would be added to the total, which would become 333 (100 or more people).
