CONSUMER PRICE INDEX

(Base: December 2001 =100)

DETAILED SUB-INDICES RELEASE

September 2006

Annual Inflation falls to 4.0% in September

This release provides a summary analysis of the major price developments within the main CPI COICOP groups together with constituent CPI Subgroups and details of their monthly and annual percentage changes. It also details changes for each COICOP subgroup for each month from July 2005 to date. See the Background Notes for a description of the COICOP classification.

A detailed description of the CPI is published in the Introduction of Updated Series, December 2001 =100. This release, together with the monthly CPI Statistical Release is available on the CSO Web Site (www.cso.ie) immediately following publication.

Tables 18 – 20 based on the old national classification are also included for analysis.

Table 21 presents data for grocery items within the CPI (both those formerly covered and not covered by the Groceries Order).

The date to which the September release relates is Tuesday, 12th September 2006.

Consumer Price Index

September 2006

Overall Consumer Price Index

Consumer Prices in September, as measured by the CPI, increased by 0.3% in the month. This compares to an increase of 0.8% in September of last year and as a result, the annual rate of inflation fell to 4.0%, down from 4.5% in August 2006.

The most significant monthly price changes were increases in Clothing & Footwear (+5.3%), Housing, Water, Electricity, Gas & Other Fuels (+2.9%) and Miscellaneous Goods & Services (+1.4%), partially offset by a decrease in Transport (-2.8%).

The most notable changes in the year were increases in Housing, Water, Electricity, Gas & Other Fuels (+18.6%), Education (+4.7%), Restaurants & Hotels (+4.2%), Health (+4.2%) and Recreation & Culture (+2.7%). These were partially offset by decreases in Clothing & Footwear (-1.9%) and Furnishings, Household Equipment & Routine Household Maintenance (-1.0%).

In the year to September, no change was recorded for Goods while Services increased by 7.5%.

Overall Consumer Price Index

01 Food and Non-Alcoholic Beverages

Food & Non-Alcoholic Beverages prices increased by 0.2% in the month and by 1.7% in the year to September 2006.

In the month, food prices increased by 0.2% while non-alcoholic beverages prices increased by 0.5%. Since August, price increases were recorded for potatoes (+8.4%), other milk products (+2.5%), fresh fruit (+1.2%), soft drinks & mineral water (+1.1%), other bread & cereals (+0.8%) and tea (+0.8%). Price decreases were recorded for fresh fish (-2.9%), coffee (-1.9%), fruit juices (-1.2%), other cereals (-1.1%), pork (-1.0%), frozen vegetables (-0.9%), flour (-0.9%), poultry (-0.8%) and cakes (-0.8%).

01 Food and Non-Alcoholic Beverages

02 Alcoholic Beverages and Tobacco

This category covers alcoholic beverages (purchased in an off-licence or supermarket) and tobacco products. Overall prices decreased by 0.1% in the month and increased by 0.2% in the year to September 2006. This compares with an annual increase of 0.9% for September 2005.

Alcoholic beverages prices decreased by 0.3% in the month. The price change that contributed to the decrease in alcoholic beverages was wine & cider (-0.7%), partially offset by an increase in spirits (+0.2%). Overall tobacco prices increased by 0.1% in the month. This was due to an increase of 0.1% for both cigarettes and other tobacco products.

02 Alcoholic Beverages and Tobacco

03 Clothing and Footwear

Clothing & Footwear prices increased by 5.3% in the month. Clothing prices increased by 5.8% while footwear prices increased by 3.7%. These increases were due to further recovery in prices following the summer sales. Clothing & Footwear prices decreased by 1.9% since September 2005.

This category also covers Clothing & Footwear services such as dry cleaning. The services element for clothing increased by 1.2% while footwear repair & hire costs remained unchanged in the month.

03 Clothing and Footwear

04 Housing, Water, Electricity, Gas and Other Fuels

This group covers the former categories of Housing (excluding insurance) and Fuel & Light combined into one overall category. In Ireland, the sub-category “water supply, refuse & miscellaneous services” only includes waste collection charges (both public and private) at this time. Housing, Water, Electricity, Gas & Other Fuels costs increased by 2.9% in the month and by 18.6% in the year to September 2006. This compares with an increase of 11.1% in the year to September 2005.

In September, increases were recorded for average mortgage interest repayments (+7.1%), bottled gas (+0.7%) and house maintenance materials (+0.6%). These were partially offset by a decrease in the cost of home heating oil (-2.4%).

Following the ECB announcement in August, the base interest rate was increased by 0.25%. All lending institutions introduced increases to their mortgage interest rates by the September 2006 pricing day (Tuesday, 12 September 2006). Accordingly, these increases are reflected in the September 2006 Consumer Price Index.

04 Housing, Water, Electricity, Gas and Other Fuels

05 Furnishings, Household Equipment and Routine Household Maintenance

Furnishings, Household Equipment & Routine Household Maintenance costs increased by 0.3% in the month and decreased by 1.0% in the year to September 2006. This is the same decrease that was recorded for the year to September 2005.

Price increases were recorded for household textiles (+1.3%), domestic & household services (+1.2%), small tools & miscellaneous accessories (+0.7%) and furniture & furnishings (+0.2%). These were partially offset by a decrease in glassware, tableware & household utensils (-0.2%).

Annual % change

05 Furnishings, Household Equipment and Routine Household Maintenance

06 Health

Overall health costs and charges increased by 0.1% in the month and by 4.2% in the year to September 2006, which is marginally up on the increase recorded for the year to August (+4.1%). This compares with an increase of 6.6% for the year to September 2005.

In September, an increase was recorded for therapeutic appliances & equipment (+0.4%). This was partially offset by decreases for other medicines (which includes pain relievers, antacid, cough mixture, vitamins & other supplements) (-0.1%) and other medical products (which includes condoms, petroleum jelly, disinfectant & adhesive dressing) (-0.1%).

Annual % change

06 Health

07 Transport

Transport costs decreased by 2.8% in the month and by 0.1% in the year to September 2006, which is significantly down on the increase recorded for the year to August (+5.2%). This compares with an increase of 6.4% in the year to September 2005.

In the month, decreases were recorded for air fares (-15.5%), other vehicle costs (which includes car rental charges) (-11.1%), boat fares (-10.2%), petrol (-7.5%) and diesel (-2.4%). These were partially offset by increases for motor oil (+1.8%) and car maintenance & repair (which includes puncture repair) (+0.4%).

Annual % change

07 Transport

08 Communications

Overall communication costs remained unchanged in the month and decreased by 0.3% in the year to September 2006. This compares with a decrease of 0.4% in the year to September 2005.

Postal services costs and telephone & communication services charges both remained unchanged in the month.

08 Communications

09 Recreation and Culture

Recreation & Culture covers a wide range of goods and services including items such as nightclubs, televisions, newspapers and gardening. Overall prices increased by 0.2% in the month and by 2.7% in the year to September 2006.

Price increases were recorded for books (which includes textbooks) (+1.7%), veterinary & other services for pets (+1.3%), package holidays (+0.7%) and cinema (+0.4%). These were partially offset by decreases for recording media (-2.0%), information processing equipment (-1.7%), games, toys & hobbies (-0.7%) and equipment for the reception, recording & reproduction of sound & pictures (-0.4%).

09 Recreation and Culture

10 Education

Education costs remained unchanged in the month and increased by 4.7% in the year to September 2006, which is the same increase as recorded in the year to August (+4.7%). This compares with an increase of 6.8% for the year to September 2005.

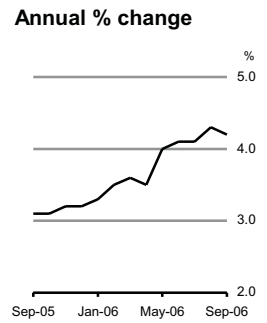

10 Education

11 Restaurants and Hotels

This category covers three main areas (1) meals out (2) alcohol consumed in or on licensed premises and (3) accommodation services. Prices for the overall category decreased by 0.3% in the month and increased by 4.2% in the year to September 2006.

A price decrease was recorded for accommodation services (-2.8%), partially offset by increases for wine & cider (+0.3%), beer (+0.2%), restaurants, cafes & fast-food (+0.2%), soft drinks & mineral water (+0.2%) and spirits (+0.1%).

11 Restaurants and Hotels

12 Miscellaneous Goods and Services

Miscellaneous Goods & Services covers a wide range of items from personal hygiene products, hairdressing, insurance, childcare, social protection, financial services to personal goods and other services. Overall prices increased by 1.4% in the month and by 1.5% in the year to September 2006. This compares with an increase of 1.4% recorded for the year to September 2005.

Price increases were recorded for health insurance (+9.8%), health & beauty treatments (+1.5%), hair products (+1.1%), jewellery, clocks & watches (+0.8%) and other personal goods (+0.6%). These were partially offset by decreases for motor car insurance (-4.1%) and dwelling insurance (-3.3%).

12 Miscellaneous Goods and Services

¹ Theoretical impact of tax changes in the year to date taking into account both changes in tax rates and the change in the level of prices. The CTPI is used in conjunction with the CPI to measure the contribution of changes in indirect taxes since the base period to the overall price change.

² Immediate tax effect based on the measurement of the direct impact of tax changes at the point of introduction.

* For further information on the Constant Tax Price Index please see background notes.

¹ Groceries Order Items included elements of Food & Non-Alcoholic Beverages, Off-Licence Alcohol and Household Non-Durable Goods.

² Non-Groceries Order Items included elements of Foods & Non-Alcoholic Beverages and Household/Personal Non-Durable Goods

Background Notes – Consumer Price Index

- Definition** The Consumer Price Index is designed to measure the change in the average level of prices (inclusive of all indirect taxes) paid for consumer goods and services by all private households in the country and by foreign tourists holidaying in Ireland.
- Consumer Price Index (CPI)** Over 55,000 prices are collected for a representative basket consisting of 613 headings which cover over 1,000 different items in a fixed panel of retail and service outlets throughout the country on the second Tuesday of each month. The date to which the September index relates is Tuesday, 12th September 2006.
- Scope of the Index**
- (i) **Population Coverage:** All private households covering approximately 97% of the total population and the expenditure of foreign tourists within Ireland. It does not include the expenditure of persons in institutions and other non private households. Expenditure which occurs abroad by Irish residents is also excluded. In statistical terms coverage is referred to as the domestic concept.
 - (ii) **Geographic Coverage:** Covers the whole of the Republic of Ireland. Pricing takes place in 86 locations (cities and towns) throughout the country. These sampling points are located in Dublin city and county, the four regional cities of Cork, Limerick, Galway and Waterford, 90% of towns with a population of 10,000 and over, 88% of towns between 5,000 and 9,999 and a smaller proportion below this threshold. The results are weighted to represent the distribution of the population and its related consumer expenditure.
 - (iii) **Item Coverage:** All goods and services bought by the reference population for the purposes of consumption are included in the index. Expenditure on capital assets and investments, gambling and certain other activities are however excluded. Over 1,000 different varieties are priced and then aggregated into 613 item headings and 12 group headings based on the COICOP classification. With each rebase the coverage of goods and services is reviewed to ensure that it continues to be representative of consumer tastes and purchasing practices.
- Price Collection** Personal visits are made to retail outlets by some 200 part-time pricers on a monthly basis. Approximately 51,000 price quotations are gathered in this way. In addition 112 special inquiries covering items such as utility charges and services are conducted by post and telephone. Most prices are collected monthly, some quarterly and others annually. The CSO supplies general specifications to price collectors and collectors are free initially to select a brand and in certain cases, size. This allows for a wide variety of different brands of the same item to be priced throughout the country. Once selected, the same item/brand is priced on a monthly basis in order to ensure matched price quotations. If an item disappears, substitution can occur but that price is excluded until matched prices are available for the same comparable item for two consecutive months. The CSO wishes to put on record its appreciation of the co-operation and assistance it receives from retail outlets and other business concerns.
- CPI Weights** The CPI measures in index form the monthly changes in the cost of purchasing a fixed representative ‘basket’ of consumer goods and services (i.e. Laspeyres formula). The representative share of each item in this basket is proportional to the average amount purchased by all households in the country as determined by the Household Budget Survey and by foreign tourists in this country using estimates of expenditure by tourists across a range of consumer goods and services. Individual items typically purchased by foreign tourists while holidaying in Ireland such as hotel accommodation and meals out have been adjusted to take account of the additional tourist expenditure. Identical items are priced in the same outlet on each occasion so that changes in the cost of this constant basket reflect only pure price changes.

Background Notes – Consumer Price Index (continued)

Rebase The index has been rebased with effect from December 2001, the ninth series since the foundation of the State.

The rebase of the current CPI resulted in a number of methodological changes:

- The introduction of the Geometric Mean;
- Updating the expenditure weights;
- A revision of the sample of goods and services;
- An update of the sample of areas priced; and
- A move to the COICOP classification.

Classification The classification used in the CPI is based on a version of COICOP – COICOP HICP, the Classification of Individual Consumption Expenditure by Purpose. This replaces the former national classification which was used up to December 2001. The COICOP classification breaks consumer expenditure into twelve different categories covering a comprehensive range of consumer goods and services.

Methodological Details A full methodological description of the new series is available in the CPI 2001 Introduction to Series booklet.

Goods and Services The consumer basket can be split into two constituent parts - goods and services according to the following definitions.

Goods Goods are defined as non service items usually purchased and transportable from a retail outlet - the basket excluding services.

Services Services include electricity, gas, telecommunications and other public utilities, alcoholic beverages consumed on licensed premises, meals out, accommodation services, public transport, medical fees, insurances, education fees, hairdressing & other personal services, childcare & social protection, entertainment & recreation services, mortgage interest & rents, package holidays and other miscellaneous services.

Utilities and Local Charges Includes electricity, gas, landline telecommunications and local authority service charges.

Constant Tax A change in the Consumer Price Index can result from increases or decreases in the pre-tax cost of goods or services and changes in the levels of indirect taxes levied on them. The Constant Tax Price Index (CTPI) is designed to exclude from the CPI the effect of changes in the level of indirect taxes since the base reference period. It does this by replacing the values of indirect taxation in the current prices with the values of indirect taxation in the corresponding base period prices. It is important to note that the CTPI thus excludes not only the impact due to changes in the taxation regime (e.g. new tax rates or excise duties) but also the impact of the ad valorem effect on tax receipts of changes in the pre-tax level of prices of goods and services. The CTPI can be used readily in conjunction with the CPI to measure the contribution of changes in indirect taxes since the base period to the overall price change.

The CTPI, together with the assessed contribution of indirect taxes to annual CPI change, is shown in Table 17. It is also possible to estimate the immediate direct contribution of changes in the tax regime on the monthly CPI according as the changes are implemented in practice - these exclude any ad valorem impacts. These monthly contributions can be summed over a twelve month period to give an estimate of the immediate impact of recent changes in the indirect taxation system on the annual rate of inflation and these are also given in Table 17.

Background Notes – COICOP Classification

Prior to the introduction of the current series in January 2002 the CPI used a national classification while the HICP used COICOP/HICP. To ensure greater comparability CPI and the HICP now both use the COICOP/HICP classification (Classification of Individual Consumption by Purpose - adapted for the purposes of the EU HICP).

The COICOP classification is based on 12 main subgroups.

01 Food and Non Alcoholic Beverages	Food and non alcoholic beverages purchased in supermarkets, small shops, speciality shops and petrol station forecourt outlets. It excludes meals out which are covered under 11 Restaurants and Hotels.
02 Alcoholic Beverages and Tobacco	Includes alcoholic beverages purchased in off licences and supermarkets but excludes alcohol consumed on or within a licensed premises which is classified under 11 Restaurants and Hotels.
03 Clothing and Footwear	Mens, ladies and childrens clothing and footwear, sports and leisurewear and services such as laundry and dry cleaning, shoe repair, dress hire and alteration.
04 Housing, Water, Electricity, Gas and Other Fuels	This group covers rents, mortgage interest repayments, local authority service charges, goods and services for maintaining, decorating and repairing dwellings and domestic energy products such as electricity, gas and solid fuels.
05 Furnishings, Household Equipment and Routine Household Maintenance	This category covers household items such as furniture, carpets and other floor coverings, house textiles and soft furnishings, household electrical appliances, and other household items such as utensils, tools, garden equipment and non-durable items for cleaning, washing and other day to day household activity. Also included in this category are domestic services such as cleaning and other services.
06 Health	Health includes medical products, appliances and equipment, hospital charges and out patient services supplied by doctors, dentists, opticians, practitioners of alternative and complimentary medicine and paramedical services.
07 Transport	Includes the purchase of new and second hand vehicles, spare parts, car maintenance, fuels and lubricants, public transport and services such as parking, motor association subscriptions, car wash, toll charges, driving tests, licences and car hire.
08 Communications	Post and telecommunications.
09 Recreation and Culture	All goods and services connected with recreation and culture and includes items such as audio visual and photographic equipment, computers, music and videos, sports and recreation goods, games and toys, items connected with gardening and pets, recreational, sporting and cultural activities and events, newspapers and other reading material, package holidays and other items connected with recreation and culture.
10 Education	Covers all aspects of education including primary, secondary, third level and other education and training such as night courses, play schools and examination fees.
11 Restaurants and Hotels	This category covers the following areas: meals in restaurants and hotels; fast food and take-aways; cafes; canteens; alcohol consumed on or within a licensed premises and accommodation services supplied by hotels, guesthouses and hostels.
12 Miscellaneous Goods and Services	This remaining category covers a wide range of items including hairdressing and other grooming; goods for hygiene, hair and body care; personal goods such as jewellery, handbags and wallets; childcare and other social protection services; insurance, financial services and other services including funerals, weddings, legal and professional services.
