Spending on domestic travel in Q3 2009 lowest since 2005

Domestic Travel

- ◆ Irish residents spent €501.2m on domestic travel in Q3 2009 which was down 15.5% from a year earlier. This was the lowest third quarter expenditure since 2005. Holiday spending which accounted for €352.7m of the total was down by over a fifth from Q3 2008. *See Table 7.*
- ◆ The number of overall trips taken, however, remained steady falling by just 1.3% to 2,512,000 compared to a year earlier. Total nights spent away fell by just 3.3% to 10,555,000. Holiday trips fell by 5.4% to 1,494,000 as did nights spent on holidays, falling by 7.3% to 7,420,000. The overall average length of stay fell slightly to just over 4 nights. *See Table 2.*
- ◆ While trips to the two main regions fell slightly in Q3 2009 the Border, Midland and Western (BMW) region fared better overall. The number of nights spent in the BMW region was up 5% to 3,449,000 while spending was down 3.4% to €180m. In the Southern and Eastern region however, total nights spent there fell by 7% to 7,106,000 and spending was down by a much more substantial 21% to €321.2m. *See Tables 1 and 8.*

International Travel

- ◆ Irish residents took 2,232,000 foreign trips in Q3 2009, down 9.7% from Q3 2008. However, travellers favoured shorter stays. Trips involving a stay of up to 3 nights increased by 8.6% to 480,000 while longer stay trips fell by 13.7% to 1,752,000. Holiday trips fell by 17.7% to 1,543,000 while nights spent on same were down by almost one fifth to 15,083,000. *See Tables 9, 9b and 10.*
- ◆ Trips using private motor vehicle and sea/cruise increased by 47% and 29.8% to 197,000 and 183,000 respectively in Q3 2009 from a year earlier. This would appear to have been at the expense of trips using air travel, which fell by 15.3% to 1,800,000. *See Table 12a.*
- ◆ Irish residents spent a total of €1,809.2m on foreign travel in Q3 2009 and this fell by just over a quarter from a year earlier. Of this total, holiday expenditure accounted for €1,361.4m and this fell by 30% from Q3 2008. *See Table 15.*

Coverage	All private households.
Purpose	The purpose of the Household Travel Survey (HTS) is to measure domestic and international travel patterns involving overnight stays and associated details (expenditure, purpose of trip, type of accommodation used etc.) of Irish residents. The survey is one of several Central Statistics Office (CSO) tourism surveys conducted to comply with the requirements of Council Directive 95/57/EC of 23 November 1995 concerning the collection of statistical information in the field of tourism.
Data Collection	Information is collected via postal survey on a quarterly basis by the Central Statistics Office.
Sample Design	The HTS is a random stratified sample. Each quarter, almost 13,000 households (or approximately 1% of all private households) are randomly selected from the Electoral Register, where the selection is stratified by District Electoral Division.

A two stage weighting process is used. Firstly, survey results are weighted to agree with household population estimates broken down by *household type* (the number of persons 18 or over) and *region* (NUTS 3). The household population estimates are provided by the Quarterly National Household Survey (QNHS). Secondly, these results are further weighted to agree with the Tourism & Travel frontier results.

Regional and Age Group Data

While the overall aggregate estimates are robust, falling response rates and reduced coverage has resulted in detailed data at NUTS3 level for Q3 2007 becoming less reliable. Accordingly, it is necessary to publish such regional data at a more aggregated NUTS2 level. Similarly the number of age groups have been reduced. We are, however, satisfied with the overall quality of detailed estimates published up to Q2 2007.

NUTS Regions

The regional classifications in this release are based on the NUTS (Nomenclature of Territorial Units) classification used by Eurostat. The NUTS 3 regions correspond to the eight Regional Authorities established under the Local Government Act, 1991 (Regional Authorities) (Establishment) Order, 1993, which came into operation on 1 January 1994. The NUTS 2 regions, which were proposed by Government and agreed by Eurostat in 1999, are groupings of the NUTS 3 regions. The composition of the regions is set out below.

Border, Midland and Western NUTS2 Region		Southern and Eastern NUTS2 Region

Definitions

Tourism The activities of persons travelling to and staying in places outside their usual environment for not more than one consecutive year for leisure, business or other purposes. The following are excluded; stays in prisons, military service and regular stays in hospitals or clinics. Trips taken for the purposes of work, where clearly distinguishable from business trips, should also be excluded.

From Quarter 3 2009 an additional category ‘looking for work’ was introduced in the Reason for Journey question in the Household Travel Survey questionnaire.

Domestic tourism is defined as the activities of residents of the Republic of Ireland travelling to and staying in places only within the Republic of Ireland but outside their usual environment.

The following are excluded from Domestic travel:

Residents travelling within the country with the intention of changing their usual residence.
Persons who travel to work temporarily in institutions within the country.
Persons who travel regularly or frequently between neighbouring localities to work or study.
Nomads and persons without fixed residence.
Armed forces on manoeuvre.

International tourism is defined as the activities of residents of the Republic of Ireland travelling to and staying in places outside the Republic of Ireland and outside their usual environment.

The following are excluded from International travel:

Persons leaving the country as migrants, including dependants accompanying or joining them.
Persons, known as border workers, residing near the border in the Republic of Ireland but working in the North of Ireland.
Diplomats, consular officers and members of the armed forces when travelling outside of the Republic of Ireland on assignment. This includes dependants and household employees accompanying or joining them.
Persons travelling as refugees or nomads.

National tourism is defined as *Domestic* tourism plus *International* tourism.

Overnight Visitor An overnight visitor is a visitor who stays at least one night in collective or private accommodation in the place, county or country visited. A visitor is defined as any person travelling to a place other than that of usual environment for less than 12 months and whose main purpose of trip is other than the exercise of an activity remunerated from within the place visited (i.e. work). Consequently the following are excluded:

- Short-distance local transport and commuting i.e. more or less regular trips between place of work/study and place of residence.
- Routine or regular visits e.g. visiting parents every weekend.
- For visits of more than 12 consecutive months, a traveller will be considered a resident of that place (from a statistical standpoint).
- Migratory movements for work purposes.

Tourism Expenditure Total consumption expenditure is any expenditure made by a visitor or on behalf of a visitor during their trip and stay at their destination.

Tourism expenditure includes purchases of consumer goods and services inherent in travel and stay, purchases of small durable goods for personal use, souvenirs and gifts for family and friends.

The following outlays or acquisitions are excluded:

- Purchases for commercial purposes, for resale, purchases made on behalf of an employer during a business trip.
- Capital type investments or transactions engaged in by visitors, such as land, housing, real estate, works of art and other important acquisitions (such as cars, caravans, boats, second houses), even though they may be used in the future for tourism travel purposes.
- Cash given to relatives or friends during the trip, which does not represent payment of tourism goods or services, as well as donations made to institutions.

Other Accommodation Other Accommodation includes:

Health farms
