## Crime

- Recorded theft and related offences increased consistently between 2004 and 2009.
- In 2009, one third of all robberies and aggravated burglaries involved a knife or sharp instrument.
- In 2009, the majority of prisoners (52.7%) were aged 29 years and under.
- In 2009 there were 14,547 Gardai, up from 14,411 in 2008.
- Dublin (12.4%) had the highest household victimisation rate followed by the Mid-East (10.4%).

## **Introduction**

The statistics in this chapter relate to a number of aspects of justice and defence. They have been obtained from the Garda Síochána, the Prison Service, the Defence Forces, the Department of Justice, Equality and Law Reform and the Central Statistics Office. Results from the Quarterly National Household Survey (QNHS) ad hoc module on Crime and Victimisation are also included.

Crime figures are provided for the number of offences recorded by the Garda Síochána. These are based on the Irish Crime Classification System (ICCS), launched in April 2008, but exclude elements of Group 4 (Dangerous or Negligent Acts) and all of Groups 14 (Road and Traffic Offences (Not Elsewhere Classified)) and 16 (Offences Not Elsewhere Classified). Details of this new classification system can be found at [www.cso.ie](http://www.cso.ie). All crime figures are provisional and may be revised, due to the nature of reporting and recording, subsequent to this publication.

The Quarterly National Household Survey (QNHS) is a large-scale, nationwide survey of households in Ireland. While the primary purpose of the QNHS is to collect information on employment and unemployment it also includes modules each quarter on social topics of interest. A module on Crime and Victimization was included in the three months interviewing period from January to March 2010. This module was previously carried out in 1998, 2003 and 2006. The module contained numerous questions on crime-related topics, divided into two main sections – household and individual questions.

## **Technical Notes**

### **Table 7.1**

Table 7.1 figures are based on data received from the Garda Síochána at the end of quarter 2, 2009. These figures may be updated in further CSO releases.

### **Table 7.2**

Where a weapon is 'involved', that weapon was present on the scene but may not necessarily have been used.

### **Tables 7.4 and 7.5**

Tables 7.4 and 7.5 provide an insight into the incidence and perception of certain crime types in Ireland and are taken from the Quarterly National Household Survey (QNHS) ad hoc modules on Crime and Victimisation as detailed in the introduction.

### **Table 7.5**

'Any crime' refers to victims of burglary, motor vehicle crime, theft of bicycles or vandalism.

### **Tables 7.6 and 7.7**

Figures exclude non-criminal prisoners (eg immigration detainees) and those on trial and on remand.

### **Tables 7.8 and 7.9**

The given 'per 100,000 population' figures are calculated based on 2002 and 2006 census figures and interim population estimates.

### **Table 7.10**

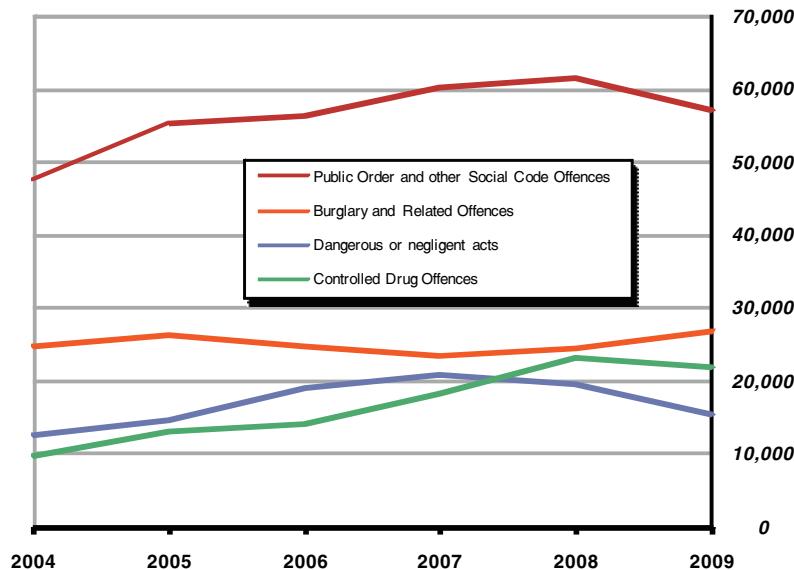

Figures are based on data provided by the Forensic Science Laboratory.
